January 2012 Retail Price list

prices subject to change without notice all prices include GST

Reprints & enlargements (digital)

- Unlike digital kiosk setups, all your images will be individually viewed and adjusted for optimum results prior to printing.
- All images are printed on a Fuji Frontier 770 - essentially a hybrid printer combining the best of Frontier & Noritsu technologies.
- Prints can be made from most common image formats - JPEG & TIFF are preferable. Files should be saved in RGB mode with no layers or extra channels. "Adobe RGB (1998)" or "sRGB IEC6 1966-2.1" colour profiles will yield the best results.

Glossy or Matt finish	
6x4	49c
5x7 *Matt finish only	\$1.99
6x8	\$2.99
8x10 *Matt finish only	\$8.99
